CABOT'S Creosote Shingle Stains

HOUSES,
BARN,
STABLES,
FENCES,
SHEDS,

And for all rough woodwork, especially shingles. They are softer and richer in color, easier and quicker to apply, wear better and look better and are 50 per cent. cheaper than paint. They can not crack or peel, being in the wood and not on the surface. Creosote, their chief ingredient, is the best wood preservative known. Mr. C. H. Lyle's new house is stained with our Moss Green, No. 302.

CABOT'S SHEATHING "QUILT"

MAKES WARM HOUSES.

One layer is as warm as six of rosin-sized paper, and warmer than three of the best wool felt.

A cheap house can be made proof against Jack Frost by a layer of this Quilt, costing less than a cent. Partitions and floors lined with it are also sound proof. Samples of both materials, with circulars and full information, will be sent on application to the manufacturer.

DON'T STOP TOBACCO.

How to Cure Yourself While Using It.

The tobacco habit grows on a man until his nervous system is seriously affected, impairing health, comfort and happiness. To quit suddenly is to sever a shock to the system, as tobacco to an inveterate user becomes a stimulant that his system continually craves. "Bacco-Curo" is a scientific cure for the tobacco habit, in all its forms, carefully compounded after the formula of an eminent Berlin physician who has used it in his private practice since 1872, without a failure. It is purely vegetable and guaranteed perfectly harmless. You can use the tobacco you want while taking "Bacco-Curo." It will notify you when to stop. We give a written guarantee to cure permanently any case with three boxes, or refund the money with a box of good. Finally, however, I purchased a box of your "Bacco-Curo" and it has entirely cured me of the habit in all its forms. I have gained thirty pounds in weight and am relieved from all the numerous aches and pains of body and mind. I could write a quite a paper upon my changed feelings and condition.

Yours respectfully,

P. H. MARBURY.
